

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 2002-202

April 24, 2002

South Freeport Water District
Application for Approval of Issue
Of Securities (\$ 902)(\$185,600 MMB)

ORDER

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

On April 11, 2002 the South Freeport Water District (the District) filed with the Commission its application for authority to issue its bond in a sum not to exceed \$185,600 through Maine Municipal Bond Bank, at an annual rate not to exceed 7 percent. The debt will be paid over a term not to exceed 30 years.

The District requires these funds to replace approximately fifteen hundred feet of old cast iron water main on Harraseeket Road.

35-A MRSA §6102, Filing with commission plans for construction or improvements of water systems, requires:

Any water utility, before commencing construction of a new water system or a major addition to or alteration of an existing water system, shall file with the commission, in accordance with the commission's rules, plans and specifications for the construction, additions or alteration in order to obtain the advice of the commission as to cost, method of financing and adherence to proper engineering standards.

Chapter 63, of the Commission's rules defines major construction projects as any new water system or any addition or alteration of an existing water system that is estimated to cost in excess of 5% of the utility's fixed capital investment or \$1,000,000; whichever is smaller. It appears that the cost of this project may exceed 5% of the District's fixed capital investment. Therefore, the District should file its plans and specification for construction with the Commission.

Pursuant to an Amended Delegation Order dated January 9, 1996 in Docket No. 93-169, the Commission delegated to the Director of Finance its authority under 35-A M.R.S.A., Chapter 9, and 11, to approve water utility financing applications, including those that involve mortgaging utility property, for Maine Municipal Bond Bank, Rural Economic & Community Development Administration and their successors. This delegation in no way limits the Commission's authority to review the decision of the Director of Finance pursuant thereto or to directly consider requests for variations. The

Director of Finance's approval shall be in the form of an Order, copies of which shall be maintained in the files of the office of the Administrative Director.

Having reviewed the application of the District, together with data filed in support of it, it is the opinion of the Commission that the proceeds of the issuance of the bond are required in good faith for the purposes enumerated in 35-A M.R.S.A. § 901. In approving this securities issue, consistent with normal practice and pursuant to §902 (4), the Commission does not imply approval of the District's capital needs or capitalization ratio for ratemaking purposes, nor does this Order limit or restrict the powers of the Commission in determining or fixing any rate.

Accordingly, pursuant to the Amended Delegation Order dated January 9, 1996, in Docket No. 93-169, I

O R D E R

1. That the District is hereby authorized to issue its bond in a sum not to exceed \$185,600 to be used solely for the purposes described in this Order, and at a rate not to exceed 7 percent per year through the Maine Municipal Bond Bank for a term not to exceed 30 years.
2. That the District file its construction plans and specifications with the Commission in accordance with Chapter 63 of its rules if the project's estimated cost exceeds 5% of the District's fixed capital investment.
3. That the District report to the Commission, in writing its doings pursuant to this Order within sixty (60) days of the date of the issue of the proposed bond, or July 1, 2002, whichever may come first.
4. That a copy of this Order be mailed to interested parties and this Docket be closed.

Dated at Augusta, Maine, this 24th day of April, 2002.

OF FINANCE

Acting Director of Finance
